- **Patronize local businesses** when possible
- **Stay home** if I am feeling sick
- **Wash my hands** often
- **Practice** physical distancing
- **Wear a face covering** when I enter businesses
- Learn about **high-risk groups** and help protect them

### The promise, for local businesses

As a business, we will:

- **Follow public health guidance** as updated
- Do what we can to **protect the greater OV community** and visitors
- Check employees for symptoms and have them **stay home when sick**
- Have employees **wash hands frequently**
- Ensure high-touch surfaces will be **regularly disinfected**
- **Enforce** physical distancing
- **Wear and enforce face coverings**
- Learn about **high-risk groups** and help protect them

# Effort aims to keep community, workers safe, business viable

The **Town of Oro Valley**, in conjunction with the **Greater Oro Valley Chamber of Commerce**, has launched **OVSafeSteps**, a business assistance program that can financially benefit local businesses struggling during the pandemic.

With the understanding that a **healthy community** leads to a **healthy economy**, the program provides valuable resources while asking businesses and community members to comply with health guidelines with a pledge to keep Oro Valley **safe, responsible** and **open**.

"OVSafeSteps was created to **help our local businesses**, and also to recognize that **each of us has a role** in reducing the spread of COVID-19. We need to **work together** and commit to responsible actions to move forward. This program will benefit businesses, and it will also benefit residents who are interested in supporting our businesses," said **Mayor Joe Winfield**.

All businesses in the greater Oro Valley area are invited and encouraged to participate in the **OVSafeSteps** program, which provides **free signage** and **inclusion** in the program's website, **[www.ovsafesteps.com](http://www.ovsafesteps.com)**. Additional resources are also available to qualifying **small businesses** with fewer than **50** employees.

Qualifying local businesses will receive:

- **PPE** reimbursement
- **Marketing** support
- **One-on-one coaching** in areas such as technology, finance, human resources and legal

All businesses in Oro Valley area are invited and encouraged to participate in the **OVSafeSteps** program, which provides **free signage and inclusion** in the program's website, **[www.ovsafesteps.com](http://www.ovsafesteps.com)**. Additional resources are also available to **qualifying small businesses with fewer than 50 employees**.

Those **qualifying local businesses** will receive **PPE reimbursement, marketing support, and 1:1 coaching** in areas such as technology, finance, human resources and legal needs. Your Chamber is helping match qualifying businesses with the right coaches for their business needs.

OVSafeSteps also calls upon the **community** to help keep Oro Valley safe while patronizing local businesses. The website features local businesses and the precautions they are taking to ensure a safe shopping or dining experience. Patrons can then search and filter the results to find a local business or restaurant that meets their needs.

For example, not everyone is ready to dine in a restaurant yet, but many people are comfortable eating outside on the patio or doing curbside pickup. OVSafeSteps can help you find the restaurants that offer patio dining and pickup.

If you are a business owner or manager, make sure your business is included. Visit

**[www.ovsafesteps.com](http://www.ovsafesteps.com)** and click "**Business Assistance**." If you are a community member and your favorite restaurant or business isn't showing up on the website yet, **reach out** and let them know about this

resource (and then check back soon). Visit the website and click “**For our Community.**”

OVSafeSteps is a **promise** that asks both **businesses** and **community members** to comply with health guidelines to keep the community safe, and businesses open.

“We all have a role in the fight against COVID-19, and by committing to responsible actions we show **care, consideration** and **appreciation** for our community,” a release said. “Together we can do our best to keep our town **healthy** and **safe** as we **move forward.**”

## Funding for the program

This assistance is made possible by the Town of Oro Valley's allocation of **CARES Act funding** from the state of Arizona.

The Town received more than **\$5 million** in funding to alleviate the business-related impacts of COVID-19, such as regular payroll costs of public safety and public health personnel.

As a result, some of the Town's previously-allocated general funds were freed up to support other local government priorities. Understanding the **economic peril** that our local businesses face, and the impact that would have on our quality of life, the **Oro Valley Town Council** authorized **\$1 million** in the FY20-21 budget to support the local business community during COVID-19.

For more information on business assistance and to search safety measures that are being taken, visit: [www.ovsafesteps.com](http://www.ovsafesteps.com).

## PCC talks in-

great fit for our organization," said **Oscar Lizardi**, chair of the board. "Sandra's experience and knowledge of the financial services industry is exactly what we need to lead Vantage West into the future."

"I am **thrilled** to join a credit union with such a rich history and am eager for the opportunity to lead Vantage West," Sagehorn-Elliott said. "The credit union has expanded its presence and impact across Arizona while remaining true to its roots of service to members from all walks of life. I look forward to continuing that legacy."

Sagehorn-Elliott has more than **20 years** of experience in the financial services industry. She comes from Workers Credit Union in Fitchburg, Mass., where she was EVP/Chief Operating Officer of the \$1.6 billion organization since 2015. During her tenure, Sagehorn-Elliott was responsible for all operations and oversaw a commercial lending portfolio of \$165 million. Sagehorn-Elliott developed a new leadership development program, rebuilt the credit union's training function, and championed the creation of a ground-breaking member financial wellness initiative.

Prior to her time at Workers Credit Union, Sagehorn-Elliott was SVP/Chief Operating Officer at Bellco Credit Union in Colorado. Her time at Bellco Credit Union spanned 14 years and also included positions in the areas of customer relationship management, marketing, and the call center.

Sagehorn-Elliott holds a bachelor's degree from Nebraska Wesleyan University.

# 450K property tax bills

Pima County has begun sending 2020 property tax statements to approximately 450,000 individuals, businesses and other organizations.

While there are 94 taxing jurisdictions reflected on the bills, Pima County has direct responsibility for four of them: the county's **primary property tax**, which pays for general operations, and the county's **three secondary property taxes** that pay for the county library district, regional flood control district, and payments on county debt service.

The rate for Pima County's primary property tax **decreased** by **\$0.0776** for 2020-'21 and the county debt service tax rate **decreased** by **\$0.1700**. Rates for the regional flood control district and the county library district remain **unchanged**. The result is a **total decrease** of **\$0.2476 per \$100** of net assessed value for Pima County taxing jurisdictions.

The county's [property tax website](#) contains helpful tools to assist in understanding property tax statements. Taxpayers can access the current year tax levies and rates for each taxing jurisdiction within Pima County. Also available are current and select prior year tax rates by tax area code, sources and uses of tax dollars, frequently asked questions, and other tools for taxpayer assistance.

The county's Property Taxpayer Assistance Helpline is another tool taxpayers can use for tax questions. Assistance is available by phone, at **520-724-8650** or **520-724-8750**, or email at [PimaTax@pima.gov](mailto:PimaTax@pima.gov).

## Golder Ranch recruiting firefighters; this time, it will include EMT training

**Golder Ranch Fire District** is actively recruiting for the position of recruit firefighter. To apply, visit the GRFD website at [www.grfdaz.gov](http://www.grfdaz.gov) and click on "**Careers**" to see the full job description and complete the application.

The fire district will close the recruitment process **Oct. 18**. The academy is slated to run approximately **16 weeks** with a projected start date of **late January 2021**.

This academy will present "a unique opportunity to those who may have never considered a career in the fire service previously," an invitation said. "That is because the fire district is **not requiring** that a candidate have their Emergency Medical Technician certification **prior** to joining the academy. This is usually a **standard pre-requisite**, but due to the pandemic, many potential EMT students may have been **unable** to obtain the training prior to this application period. Consequently, the fire district will **include EMT training** and **certification** in addition to their standard academy training program."

## Whom Do You Want Doing Your IT?

*I was recently contacted by a national vendor that is now selling Microsoft 365 in a push to sell their Managed Services. It was interesting as they are trying to sell Microsoft and Managed Services to a Managed Services provider! It struck me, if they do not even know to whom they are selling their services, how do you think they would actually do with managing your network?*

*Sure, you can say, "Well, that is just the sales guy. The IT guys can do everything remotely these days."*

*It's true, a lot of people, business owners included, tend to think what we, as your Managed Services Provider, do is easy. So why not go with a national company and combine your billing?*
